

Apprenticeship Virtual Careers Fair - Wednesday 27th January

The current situation we find ourselves in shouldn't stop students' early careers learning! Usually they'd have resources such as Careers Fairs and Work Experience Programmes to help them work towards their future.

Springpod is holding a Virtual Careers Fair, taking place on the 27th of January, which allows students to learn from companies such as HSBC, Network Rail, EY and Cancer Research UK.

Some of the companies providing talks and interacting with students are also either due to run Virtual Work Experience Programmes in the coming months or are already accepting applications. This means that, not only will students be able to learn about potential apprenticeships at each company, but also find out about current programmes and insight days that they can get involved with from home!

To take a look for yourself, please click [here](#) or type in your browser [Apprenticeship Virtual Careers Fair by Springpod](#). You can then book a space! It is really easy and quick to register.

Any problems, please let me know.

I will be booking on.

Take care

Mrs Farrell
